## WHERE FLEXIBILITY MEETS FLAVOR

From high-volume foodservice operations to retail and meal kit applications, Savory Choice delivers bold, clean-label liquid concentrates, providing consistent flavor, versatile applications, precise portioning, and total control for any kitchen.

## Why Choose Savory Choice?

### FLAVOR THAT LETS YOU TAKE THE LEAD

- Bold, concentrated flavor that builds depth without overpowering.
- No added salt, fat, herbs, or spices—giving you total control to season, blend, and finish your way.
- Liquid format – smooth, consistent, and ready to use – no clumping, no guesswork.
- Formulated for professionals and home cooks alike, with flexibility across scratch soups, sauces, marinades, and more.

### LESS WASTE, MORE EFFICIENCY

- Concentrated format cuts packaging waste by up to 12x compared to ready-to-use bases in aseptic cartons—fewer materials, less space.
- Concentrates mean fewer trucks and lighter loads—cutting carbon emissions and reducing your supply chain's environmental impact.
- Bag-in-Box formats feature a liquid spigot for clean, accurate measuring with no mess or waste in busy back-of-house environments.

### A FORMAT THAT WORKS THE WAY YOU DO

- Simple to use—just stir. No heating, no clumping, no separation.
- Shelf-stable, helping you streamline storage and inventory planning.
- Our liquid format is faster, safer, and cleaner than powders or pastes—no scooping, no hassle.
- Flexibility in flavor and sodium—add more or less to meet your needs.
- A kitchen essential—versatile for broth foundations or to add flavor & depth to sauces, dressings, brines, and marinades.

### FORMULATED WITH INTEGRITY

- Naturally gluten-free across all products
- Free from the top 9 allergens in nearly our entire portfolio\*
- Vegetarian and vegan options available across all formats
- Halal certified selections in Bag-in-Box and Pail formats, supporting inclusive menus in high-volume kitchens
- Absolutely no artificial thickeners, emulsifiers, flavor enhancers, colors, or sweeteners

\* Refer to product specification sheets for allergen and certification details.
